

## **ANNUAL REPORT**

The constant effort and handwork in pursuing NCERT to be a CBSE school took us a new leap forward obtaining NOC and recognition from the state of Tamil Nadu. I have great pleasure in presenting to you the Annual Report of **Sri Guru Vidyalaya School** for the Academic Year **2022-2023**. This year was a challenging one for us. After a gap of over 2 years, all our students were back in school, and our teachers had a very tough time bridging the gap in learning. With great contentment, I can affirm that we have been able to bring our children back to the rhythm of learning. All praise to the dedication and hard work of the teachers.

### **ACADEMICS:**

"Educating the mind without educating the heart is not education at all." Sri Guru Vidyalaya School is striving to fulfil these philosophical words. The academic year 2022-2023 witnessed a number of activities based on our theme of the year, "**Beyond Classrooms.**"

We strive for excellence in everything we do. Our priority is not just subjects; instead, we aim for a holistic education focused on the overall development of our students. Equal opportunity is given to every student, and our inclusive environment supports every student.

### **INAUGURATION:**

This school has been established by the Sivan Educational and charitable trust on 29<sup>th</sup> May, 2015. At present we have classes 1 to 10 which are well managed by a team of well qualified, experienced and dedicated team of teachers. Next year we have planned to start XIth and XIIth STD. Now it has grown to become a reputed school.

Achieving academic excellence is at the heart of endeavour of all educators and academic Institutions. The aim is to help students understand their strengths and identify what skills they need to improve to negotiate in a not-so-easy world.

### **ENHANCEMENT OF SKILLS IN TEACHERS AND STUDENTS:**

A Workshop is a golden opportunity to learn new skills. We at **SGV** believe, "To become a great teacher or a great human being one must go beyond the textbooks and attend workshops or ongoing educational courses to truly master a thing."

Different skills will help students to learn something new that will enable them to acquire more knowledge and enlighten their future. These training classes are focused on developing soft skills, social and emotional learning to make them more confident, success achiever and genius. Many workshops such as 3D printing, Joy full learning in Science, Fabrication of simple Robotics using **ARDUINO**, and waste water management were organized. It is well established that robotics can transform education as well as build a conducive environment for students that facilitates effective **STEM learning**.

### **COUNSELLING SESSIONS**

The school has integrated a life skills training programme into the schedule so that students develop the ability to meet difficulties in life in a constructive way. It involves performing skits, plays, making posters, etc.

### **FOUNDATION COURSE:**

We have started the special coaching for Foundation from class VI onwards to make a complex topic easy and help to build a strong foundation of the concept. In this rural area, our motto is to give a good professional to this society.

### **CBSE EXAMS**

I am proud to report that our Class X students has brought laurels to the school by their excellent results. We appreciate and congratulate the combined efforts of our teachers, students and parents. We presented 2 batches of Class X students and last year out of 16 students 14 students secured above 80%.

### **AWARENESS PROGRAMMES:**

Students nowadays are quite intrusive and always ready with a “why” or “how” when being taught something new. A child’s brain is like a sponge. It soaks up all the information it receives. Schools have a responsibility towards future leaders - not just teaching them how to read and write, but also educating them about environmental awareness.

### **PLANTING SAPLINGS:**

Students are made aware of the importance of Environment and how planting trees play an essential role. They adopt trees on their Birthdays and other special days.

### **SAY NO TO SINGLE-USE PLASTIC:**

SGV had initiated a campaign **SAY NO TO SINGLE-USE PLASTIC** to bring awareness among School Children. Students & Teachers had brought all the plastic waste from their homes.

### **CELEBRATION AND CLUB ACTIVITIES:**

Celebrations sharing the happy moments together and spreading joy all around is a vital facet of SGV which we follow every year tremendously.

To highlight some are Yoga International day, Educational Development Day, Independence Day, Teachers day, No Book Day, Onam, Diwali, children’s day, Christmas, Pongal and Republic day were celebrated with great reverence and favour.

Various co-curricular activities are held to develop a child physically, morally, socially and mentally and to hone skills in co-scholastic areas. Regular club activities are conducted to develop leadership qualities are held in which the students participate and display their calibre and certificates were issued for the winners and participants.

### **ADVENTURE TRIPS, VISITS AND EXCURSIONS:**

Our school organizes excursions and field trips every year to help students gain firsthand knowledge and augment their academic learning. Today's students are visual learners, and a field trip lets them touch, feel and listen to what they're learning about, which helps them build on classroom instruction, gain a better understanding of topics, build cultural understanding and tolerance, and expose them to worlds outside their own.”Modern Rice Mill, Bank, Post Office, ICAR – National Research Centre for Banana, Vermicompost, Anna Science Centre, Vanagam, and Book Fair etc are the places visited by various classes.

### ACCOMPLISHMENT IN VARIOUS ACTIVITIES:

Our students participated and won prizes in various championship tournaments held at district and State level.

s.no	Event	Held at	Name	secured
1	District level Table Tennis Tournament conducted by Rock City Sahodaya.	SRV Public school, Samayapuram	Mohamed Fayaz of Class 7	III

5	District level carom board	Amrit Vidyalaya School, Trichy	Gopika, Yuvasri of class VI and VIII	II and III
6	National Silver Kai Silambam Championship	Salem	Reegan Raj of class IX	III

### KINDERGARDEN:

Kinder gardeners explored their love for Reading with the CBSE Reading Challenge Programme that helped each child develop the skill of reading fluently and correctly.

The primary wing students cherished their love and bonding for one another keeping the festive spirit alive virtually too.

SGV Encourages kids to actively participate in all activities to develop their cognitive skills. We teach basic Hygiene and Self Care. In addition to the classroom activities, the virtual learning mode helped the children independently venture into Project Based Learning, a step beyond books and classrooms.

### BEACH AND YELLOW DAY CELEBRATION:

Kids love visiting beaches. They enjoy playing with sand and waves. The voice of waves hitting the shores is very refreshing, and it revitalises our souls. Collecting different varieties of seashells is a hobby for many kids. Keeping this in mind, a miniature beach was constructed on our school grounds, and students demonstrated the realistic experience of being on the beach.

**INTER SCHOOL COMPETITIONS** Our children participated in a number of activities pertaining to art, culture, literature, science, technology, social sciences and environment. Many won prizes and brought laurels to the school.

**CLASS ACTIVITIES:**

Various activities are being conducted from Grade I to Grade VIII throughout the year by means of competitions, cultural activities, enact etc. This is mainly because we dedicate our time and resources for the accomplishments of students in curricular and co-curricular activities alike.

**PARENTS INTERFACE:**

The school plays an important role in maintaining good relationship with parents in two way communication to interact on all issues concerning the progress of students. This Teachers-Parents meeting has helped us in assessing the area of strength and weakness for applying corrective measures. Many parents appreciated all the activities.

**THANK YOU VERY MUCH**

I take this opportunity to thank our beloved Management for their guidance and support. It is their visionary, inspiring and encouraging leadership that help us to continue in our expedition to excellence in the field of education.

Heartfelt thanks to the coordinator, beloved staff, students, parents, and well-wishers for the institution's continuous growth.

I thank the Almighty for all the blessings and for guiding us. Let me conclude this Annual Report with an inspiring quote from William Shakespeare;

Time is very slow for those who wait  
Very fast for those who are scared?  
Very long for those who lament  
Very short for those who celebrate  
But for those who love, time is eternal,  
Thank You

## A THANK YOU NOTE

On behalf of our school, I hereby express our sincere thanks and heartfelt gratitude to the patrons of our school, all our students, parents and well-wishers. We are thankful to the Trustee, The Secretary for the continued assistance and guidance at all times. We always fondly remember the benign and insightful advice from our group from ever positive Secretary who have helped us to stay tuned to maintaining high standards in the School. On behalf of teachers and other staff, I now take this opportunity to commit ourselves to do our best at all times to honourably serve the Institution and every stake

**Thanks to all, Once again...**
